Lake Perkolilli Red Dust Revival 2019

12th to 16th September

Lake Perkolilli was the home of motorsport in Western Australia from 1914 to 1939. "Perko" is the oldest race track in the world which is the same as it was when it opened more than a century ago. The Red Dust Revival brings vintage pre-1940 cars and motorcycles back to the claypan to re-live the glory days of Goldfields motor racing. It captures the romance of the Goldfields in a truly unique event. A feature of the Red Dust Revival is that competitors camp at the lake just like the old days. The last event in 2014 attracted competitors and spectators from all over Australia. The event is not motor racing, rather there are carefully arranged demonstration runs operated under national CAMS and Motorcycling WA rules. The event is run by enthusiasts for enthusiasts and is a not-for-profit activity.

**Some of our members are looking at heading out for the weekend and possible for an overnighiter. More information to be provide once a few more details have been confirmed.
